Recycling for a living

Woody-Walk

Executive Summary

We are all now familiar with one of the greatest issues that threaten our planet which is waste.

Woody-Walk is an environmental-social enterprise that focuses on wood waste, which may come from two sources construction waste or old wooden furniture.

We upcycle wood into unique and colorful walking aids for all ages.

We sell valuable low-priced products, as well as raising awareness of the importance of recycling to keep our planet protected.
